

- 0 bar to 2000 bar / 5000 bar hydr.
- Medium: Oil or Water
- Spindle pump for pressure generation and fine adjustment
- Low pressure range: 0-300 bar;
High pressure range: 0-2000/5000 bar
- Smooth pressure generation
- 2 pressure connections
- 2 control valves (StSt/Ceramic)
- Large Reservoir

Optional Extras:

- Finger-tight quick connectors G1/2 (<2000 bar)
- Additional pressure output
- Range of reference gauges

Benchtop Hydraulic Pressure Calibration Pump
